

We are often asked, “*What sort of things do you need around the Center?*” and we say first that financial support, of course, is the most flexible contribution. However, there are other ways that **SAVE us money** – donations of products and services, for example. When we receive a product off our donation supply list we simply do not need to purchase that item, therefore allowing us to keep expenses under control.

If you have something you wish to donate, we can use your help!

### **Product Donation Supply List**
